## THE POWER OF PARTNERSHIP

Riddle Hospital and Main Line Health established a powerful partnership in 2007 that has resulted in significant major projects at Riddle including: completion of Health Center 4, the Emergency Department expansion and renovation, opening of the Wound Care and Pulmonary Rehab Centers and comprehensive renovation of The Birthplace.

## 2022 MAN O'WAR HONOREES

We honor these four individuals for the guidance, expertise and philanthropic spirit that have inspired fellow trustees and senior leaders to consistently broaden and expand Main Line Health's clinical services and resources.

Through their endorsement, Riddle Hospital embarked on a campus transformation so that we can continue to offer the highest level of patient care in our community for generations to come.

Riddle and Main Line Health have now embarked upon a modernization project that will transform our campus by 2024 with a new state-of-the-art five-story Patient Pavilion, all private patient rooms, contemporary facilities and advanced technology to support the evolving needs of the community. This critical \$327 million investment in Riddle and the Delaware County community reflects Main Line Health's unwavering commitment to

provide access to superior care to all those we serve.

This project is the most significant facility improvement in Riddle's nearly 60-year legacy and is among the largest capital investments in Main Line Health history. This endeavor would not have been possible without the courage and vision of many who embarked upon the Riddle Hospital/Main Line Health partnership 15 years ago.

**Howard B. Stoeckel**
