Mirmont Treatment Center | HomeCare & Hospice | Lankenau Institute for Medical Research

The delivery of health care is evolving quickly, now more than ever. Our facilities must be modern and adaptable for all levels of care, for patient and staff safety, and to meet the needs of our community. Riddle and Main Line Health are now embarking upon a modernization project that will transform our campus by 2024 with a new state-of-the-art, five-story Patient Pavilion, all private patient rooms, contemporary facilities and advanced technology. This critical \$327 million investment in Riddle and the Delaware County community reflects Main Line Health's unwavering commitment to provide access to superior care for all those we serve. Join us in supporting the transformation!

Main Line Health®

240 North Radnor Chester Road
Suite 300
Radnor, PA 19087
